All our venues are located in 330 acres of suburban parkland.

We are accredited with The Green Flag Award recognising our ecological credentials.

We have installed sustainable Brita water taps in the hotel lobbies.

The Orchard Hotel is rated BREEAM excellent.

Bedroom wings face north and south to encourage natural light.

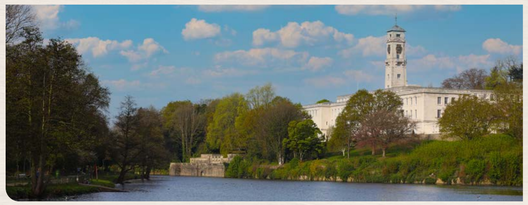
Our location includes grassland, tree clusters, shrubs, wild areas & water features.

Meeting rooms and bedrooms are equipped with an extract air system.

We use organic gardening methods to encourage biodiversity.

The food waste we produce is converted into energy via our waste suppliers.

Air Handling Units use a highly efficient thermal wheel to recuperate heat.



We have built a chef's herb garden that is used daily.

We have installed electric charging for all guests with an electric vehicle.

We encourage environmentally friendly ways of travelling to and from events.

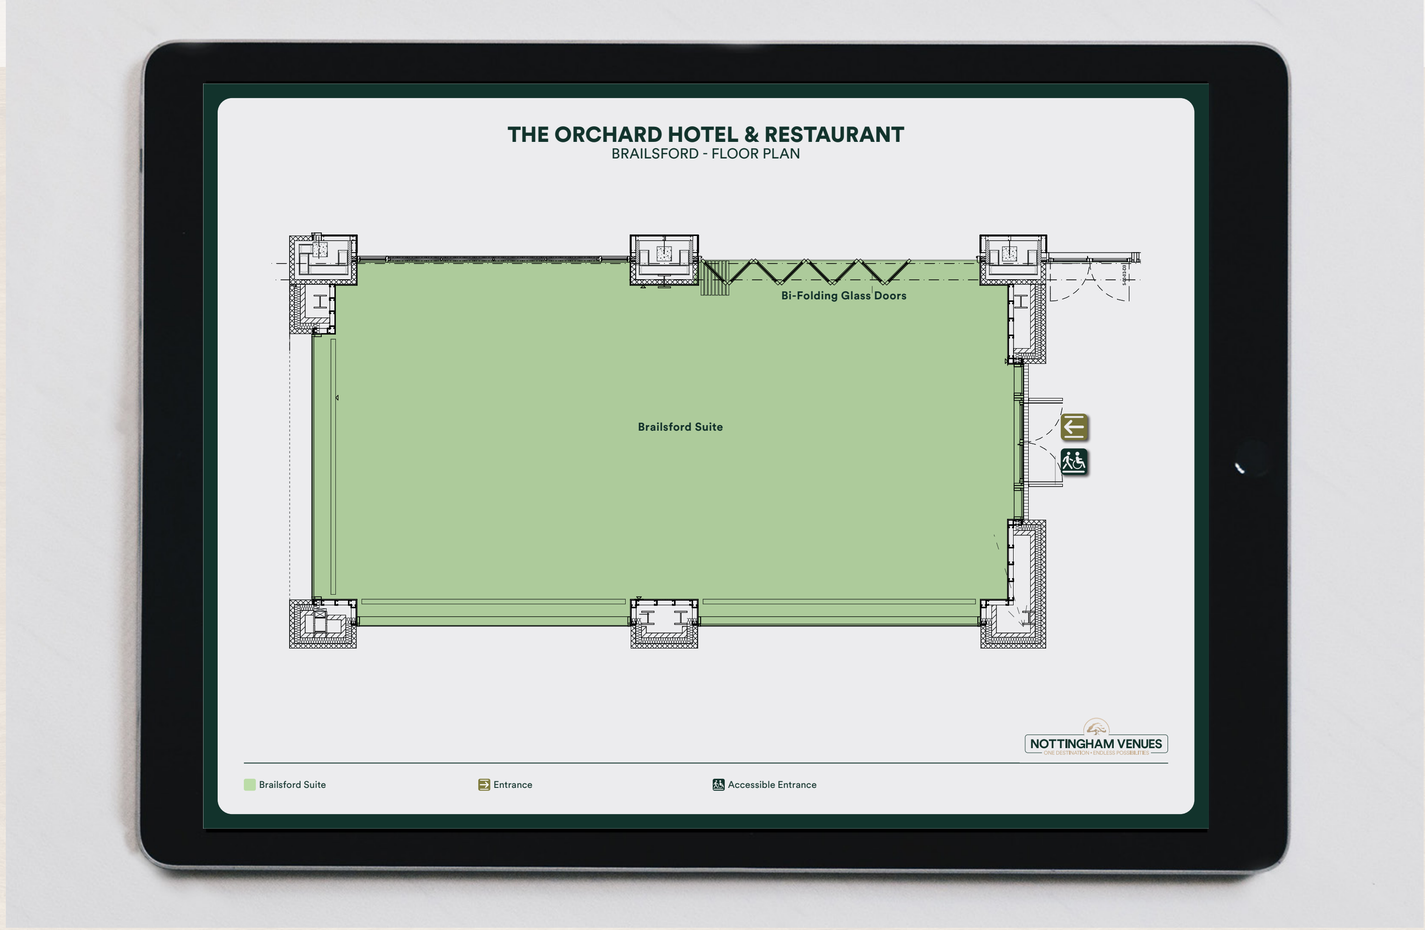
# THE ORCHARD HOTEL & RESTAURANT

Set in 330 acres of the University of Nottingham parkland, The Orchard Hotel has 202 bedrooms, 7 meeting rooms, a brasserie and is located next to the East Midlands Conference Centre.

The building uses a range of sustainable design features, incorporating natural materials alongside high-tech renewable energy systems to deliver efficiency in use and to create an outstanding space for guests.

The Orchard Hotel incorporates 50m$^2$ of solar PV into the building to provide on-site renewable energy. The building management system ensures that only occupied rooms use heating or cooling. The hotel has beaten its target for on-site $CO_2$ emissions and this is partly down to the fact that the team use remote metering to manage energy consumption.

Our guests can enjoy a peaceful walk in our green space, an outdoor meeting with colleagues, a gym session at David Ross or a delicious meal with friends and family at Bramleys Brasserie.



# THE BRAILSFORD

This is a large event space that's used mostly for weddings, dinners, wakes, large conferences and training days. It's a flexible space that features bi-fold doors which open out onto a beautiful patio area.

# THE SUITES

The Worcester Suite & Discovery Suite share an outdoor smart space, which gives you the option to take your meeting outside during the summer months. Both rooms are suitable for large meetings, training days, workshops and team building exercises. The Worcester Suite can hold a maximum of 50 guests theatre style and The Discovery Suite can hold 40.
